COMMENTS

NEO-GEO PREVIEW:

Auckland, Wellington & Christchurch

- A free beer and a chance to view one manufacturers view of the 1990's
- hope to see you there.

SHOPPING:

Seems our PCB thief has moved South.

Wizards Palmerston North had three games broken into and a 'Twin Hawk', 'Flying Shark' and 'Legend of Hero Tomma' PCB's / Looms taken complete. Be on the lookout.

WEED EATER WIRE:

Many of you are loosing \$100's and even \$1,000's of dollars with this scam. We have had reports of this practice from Auckland to Invercargill. Kids using easily obtainable weed eater plastic wire can run up as many credits as they and their friends can play on any coin mech not fitted with an anti-strimming device. You as the operator have no evidence of this as the wire is taken away. Check this out by taking meter readings between emptys and then see how much is actually in the cashbox.

CHRIS CHASTON:

Many of you knew Chris - and overall the industry owes him a lot. When he died he was was still 'missing' approx 150 cabinets - mostly in the north island.

Those operators that had cabinets belonging to Chris (Chaston Trading) were contacted by the official receiver (Company of: Chambers Nichols; David Crichton) and advised by that company of the sale of those assets to third party.

Any person who was not contacted by the official receiver (regardless of whether any other party contacted them and claimed to own them) has not paid the legal owner for those cabinets. Any funds paid have therefore gone to the wrong party. Presently Jan Chaston and a group of interested friends/creditors are tracing delivery dockets and invoices from recently recovered invoice books and will be calling to account various persons who have not paid the receiver or the Estate for goods supplied.

THE RECEIVER ONLY SOLD THESE CABINETS THAT WERE LISTED BY HIM.
ALL OTHER CABINETS/PCBS REMAIN THE PROPERTY OF THE RECEIVER ESTATE

If you are not sure/have information that may assist Jan.
please write a note to Jan Chaston P.O. Box 2503 Christchurch by 30th August 1990.
no action will follow from this date.

26" CABINETS

AMOA IN NEW ORLEANS

The AMOA show is traditionally the shop window for all of the new games products on the USA market and usually the big Japanese producers present something special as well.

This year to be held in the romantic setting of New Orleans, the home of jazz, the french quarter and southern cooking.

Coin Cascade is organising an operators trip to this convention.

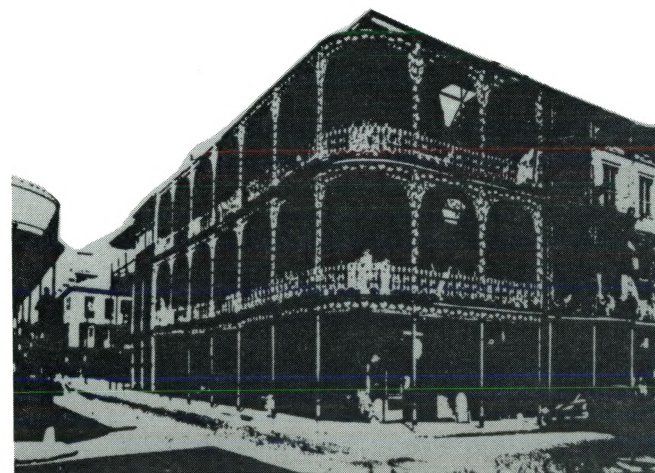

Leave Auckland 21st October - staying three nights in L/A (with free disneyland pass) - fly onto New Orleans for four nights (24/25/26/27) - return Auckland.

Price includes

- 1) all internal flights in USA
- 3) top class accomodation in L/A
- 4) Accomodation at Sheraton in New Orleans
- 5) conference registration fees

Total price \$NZ 2199
conference fees \$NZ 138
\$2337 * (at NZ .58c)
(fully tax deductible in most cases)

all operators intending to travel to this conference must pay in full to Coin Cascade no later than 1 October 1990

NEO GEO

RIDING HERO

This latest Neo Geo game has a fair bit to live up to, but on looks it is capable of doing just that.

This is the much vaunted Motor bike game that has been coming for a while which can employ a link up system between NEO GEO cabinets. SNK have put a lot of work into this one which has excellent graphics and play, and though it cannot, for our money match either of the current dedicated pieces, Taito's WGP or Sega's Racing Hero, the linking will surley give it a big boost and enable it to earn a good dollar. Its when you look at a game like this and see a price tag of \$890 odd that you will appreciate the value in NEO GEO.

NINJA COMBAT

This one to be released soon has also had alot of work put into it and its not hard to see that early criticism of NEO GEO graphics was recieved loud and clear by the makers. A fast moving, action packed combat game that will certainly not lose NEO GEO any friends, Ninja Combat will slot in nicely to current list of games.

CYBER LIP

Another one to be released shortly that matches man against machine. Cyber Lip will also earn its keep.

SNK intends to introduce a minimum of 15 new game PCB's for the NEO GEO SYSTEM YEARLY (Both their own licence and licenced games)

EACH new game PCB will retail for NZ\$890 (plus GST)

KORTEC - NEW 20' TUBES

Kortec (the largest exporter of tubes to NZ) recently announced the addition of a new picture tube to their product range. They will now be producing a 20' Long Life, High resolution, A grade picture tube especially for the Southern hemisphere.

This tube (incorporating the latest in picture tube technology) is an improvement on earlier units and has a much better picture quality and longer life than existing units.

Kortec have slightly modified their existing monitor to compliment this new Tube.

While this matched set is a more expensive unit the New Zealand retail is not expected to increase greatly.

Units will be available in New Zealand late August.

	Coin Cascade (03) 338-1411

**A special offer will apply to
all units ordered at these previews.**

AMOA of Queensland

The venue for the 1990 Amusement Machine Operators Association of Queensland, Annual General Meeting, will be held at the fabulous Pan Pacific Hotel on the Gold Coast, 14th and 15th august, 1990

Because of the success of the 1989 Annual General Meeting it was decided to hold the meeting on the Gold Coast again where operators can combine business with pleasure.

The Pan Pacific Hotel prides itself upon their reputation for their professionalism with conventions and their ability to look after YOU in every other aspect. For a special rate of \$133.00 per room (Queen or Double) one can enjoy the magnificent panorama view, every luxury is carefully planned and your every need generously catered for. Guests can indulge in a-la-carte excellence or sip a colourful cocktail while soaking up glorious sun by the pool side. There is also a tennis court and a fitness track for the energetic.

The Pan Pacific Hotel is part of The Oasis Shopping Centre on Broadbeach so there is easy access to the 190 exclusive shops, 5 level car park and the 3 minute mono rail ride which connects with Jupiters Casino.

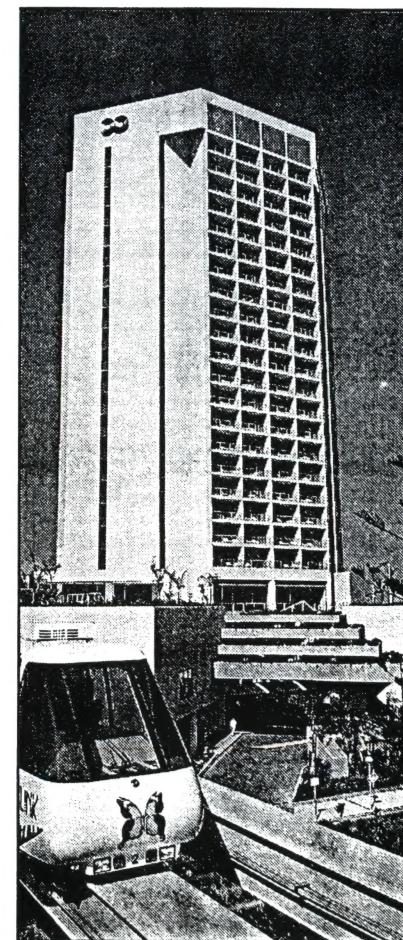

The address of the Pan Pacific Hotel is: 81 Surf Parade, Broadbeach, Queensland 4218.

The display for machines will be situated in the Pacific Ballroom, on Tuesday, 14th August and on Wednesday, 15th August 1990. Once again every effort is being directed into this year's Annual General Meeting to ensure that it is even more exciting than last year's event. To compliment this year's display we will have all the latest technology in machines and associated products.

For the "What's Happening" in the industry, there will be key speakers to discuss the trends that involve and aid our industry.

The response from operators around Australia has been enormous, even at this early stage.

This will be an ideal opportunity for all operators to get together, and we look forward to seeing you at the Annual General meeting and Convention Show.

NEO-GEO PREVIEW

NEO-GEO This is a systems based 26" or 20" video game that operates up to six different games at one time (in 26" format). Each game is purchased separately for \$890 plus GST.

This new video game differs from the standard unit as:

- 1) Utilizes an electronic coin mechanism that accepts 10c, 20c, 50c \$1 and \$2 coins (when available)
- 2) The 26" game can operate up to six completely different games at one time. You can operate the latest game but still have five other games available to satisfy all players needs. The 20" game can operate up to four completely different games at one time.
- 3) Each new game costs only \$890 + GST - this price will be held for 12-24 months. Much lower PCB cost for new games.
- 4) Each year SNK will release a minimum of fifteen new games both in house or licenced from other manufacturers. To date we have ten different games available.
- 5) Each game has a dedicated bookkeeping function that enables the operator to monitor all cash inputs and actually average the actual game time for each of the different games running. The operator can then individually alter each games difficulty level to ensure that average game time is around two and a half minutes (optimal game time)
- 6) Superior picture quality/game graphics: the neo-geo system incorporates the latest technology to ensure that each NEO-GEO game has superior picture quality and sound reproduction.
- 7) Player disc system to enable players to start/ any NEO-GEO game where they left off.
- 8) Each new game is a separate PCB and uses more memory than a final fight PCB.

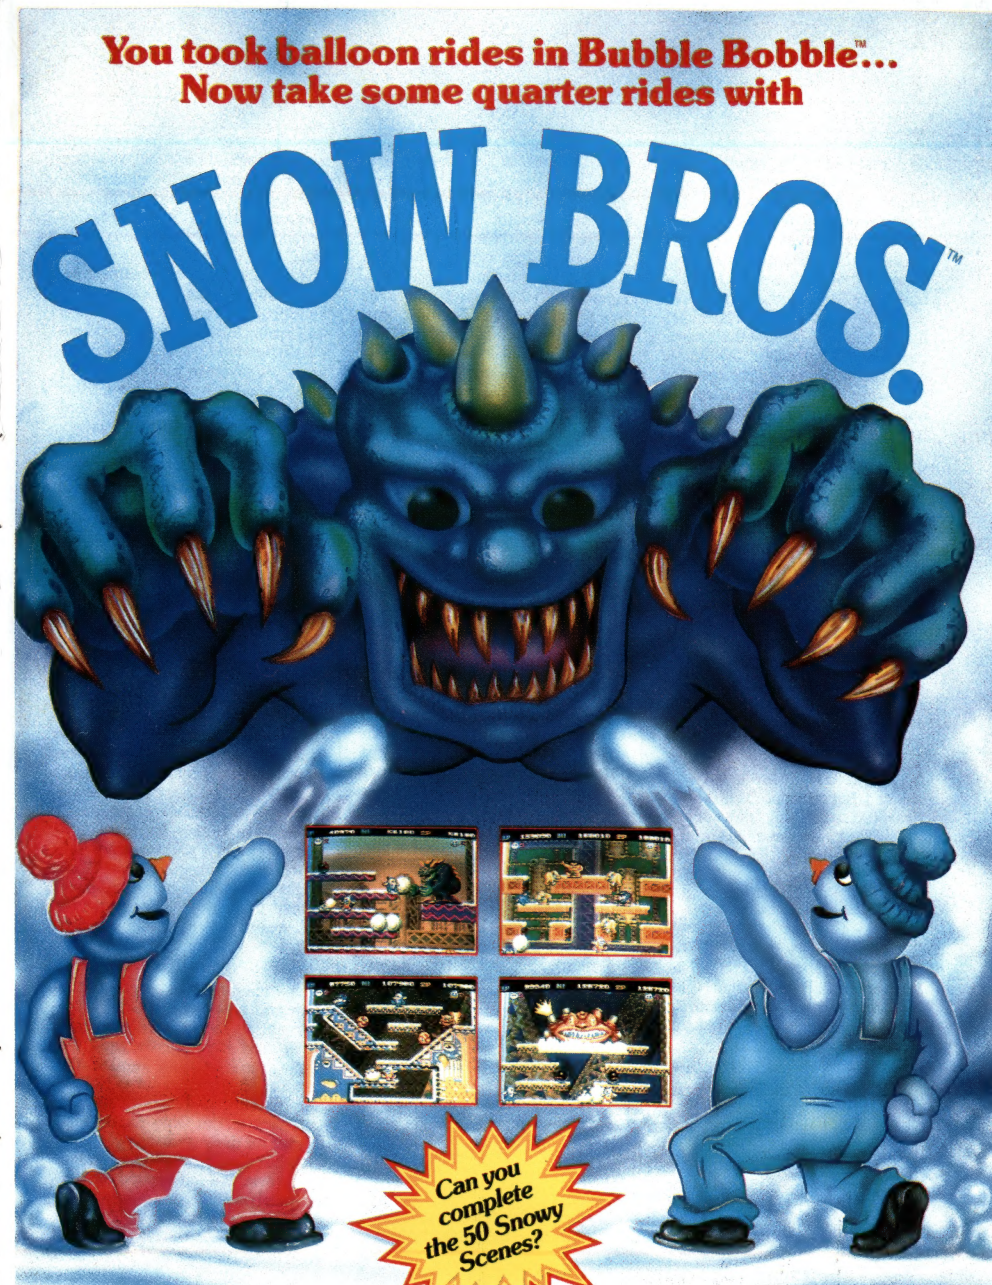

PREVIEWS IN NEW ZEALAND:

Auckland: 27th August

Wellington: 28th August

Christchurch: 29th August

We look forward to seeing you

Exclusive Distributorship Agreements PCB'S

The following PCB'S are marketed in NZ under an exclusive distributorship agreement with the original copyright holders. These PCB's (in both copy and original form) can only be legally imported into NZ by Coin Cascade Ltd. All other products will be subject to copyright action against the importer / final retailer of this product. This copyright protection lasts for a minimum of twelve months and is renewable with the copyright holder by Coin Cascade at that point.

PCB COPYRIGHT OWNER/ MANUFACTURER

✓ RAIDEN	TAD CORPORATION
HAMMERIN HARRY	IREM
TMNT	KONAMI
✓ CRUDE BUSTERS	KONAMI
LIGHTNING FIGHTERS	KONAMI
MAJOR TITLE	IREM
✓ DARK SEAL	DATA EAST
✓ COMBATRIBES	TECHNOS
ALIENS	KONAMI
✓ USAAF MUSTANG	IREM

We are aware that traditionally a number of operators have imported PCB'S into New Zealand and may innocently import PCB's that are now subject to copyright protection (It is not illegal for a company (other than the copyright holder/manufacturer) to sell to a NZ operator a PCB subject to copyright protection and it is not illegal for a NZ operator to buy such a PCB. It is illegal to operate / hire / display for profit this PCB)

All operators that fill out the form below will be posted or faxed notification of each new product that is licenced as we licence these products.

NOTE: We are under no legal obligation to inform any party of which product is an exclusive product and this notification in no way effects our legal right to prosecute copyright infringements.
